The Burlington Chamber of Commerce is dedicated to business success and developing opportunities to market and promote businesses in Burlington and throughout Skagit County. We also want to continue bringing activities and opportunities to the businesses and the community to enhance our mission.

The Chamber is pleased to bring Fiesta Unidos to Burlington for the third year. The Festival creates scholarship opportunities as well as showcasing our vibrant Hispanic community.

Scholarships are created through a Reina competition. The competition will be divided between grades kindergarten through 8th grade and 9th through 12th grade and the winner will be determined based on the amount of funds raised. A Reina will be crowned from each group and each will receive a valuable prize.

Scholarships are distributed through Champions of Diversity. The Champions of Diversity Awards honor students, from grades 9 through 12, from Skagit, San Juan and Island County high schools who have contributed to diversity on their campuses and in their communities. Each year, over 100 high school students are presented with a "Champions" award at this ceremony, and selected seniors receive scholarships from eight colleges/universities and other donors. Over 400 community and family members come together at this event to honor and recognize these young people.

This year the festival will be August 28, 12-9pm, at The Outlet Shoppes in Burlington. It will include live entertainment, a children's area, and food, craft and commercial booths. The demographics represent a majority of families, and the event attracts over 2,000 attendees.

We appreciate your consideration of participating in the 3rd Annual Fiesta Unidos.
